INTERNATIONAL EPIDERMOLYSIS BULLOSA SYMPOSIUM

The International Epidermolysis Bullosa Symposium will be held on January 18-19, 1989, in London, U.K., immediately preceding the clinically orientated symposium on Bullous Disorders organized in association with the European Society for Dermatological Research. This meeting will be of interest to members of all the different disciplines involved in the management of epidermolysis bullosa sufferers. Invited speakers will lecture on advances in research and on wide-ranging clinical topics. There will be free communication sessions (closing date for receipt of abstracts June 30, 1988). For further information and abstract forms contact Dr. R.A.J. Eady, British Association of Dermatologists, 6 St. Andrews Place, Regents Park, London NW1 4LB, U.K.

CLINICALLY ORIENTATED SYMPOSIUM ON BULLOUS DISORDERS

A clinically oriented symposium on Bullous Disorders will be held on January 20-21, 1989 in London, U.K., in association with the European Society for Dermatological Research. Invited speakers will lecture on topics covering the diagnosis and therapy of the blistering diseases and recent research advances. There will also be a free communication sessions (closing date for receipt of abstracts June 30, 1988). This meeting will be immediately preceded by the International Symposium on Epidermolysis Bullosa. For further information and abstract forms contact Dr. R.A.J. Eady, British Association of Dermatology, 6 St. Andrews Place, Regents Park, London, NW1 4LB, U.K.
